

# Latest Pavilion News

July 28, 2010

Greetings,

Over the last several months we have watched the hill become flatter and flatter. We have seen tons of dirt moved and leveled. We have experienced the kindness of God, as the weather has held up for us to complete our work. Now, it is time to start building the pavilion.

During the next few weeks we will be setting the footers, pouring cement, and getting the trusses in place. We will also see the framing going up, and a skeleton of this project coming into view. It is exciting to see all of this come together, and we are still in need of your help to make it happen.

Volunteers are needed who are willing to donate their time and labor. If you have already volunteered to help, we **THANK YOU**. If you have not had the opportunity to help, we ask that you join us in putting the finishing touches on this amazing gift that God has blessed us with.

Please email Ben Walters at [bwalters@firstfriends.org](mailto:bwalters@firstfriends.org), if you can help.

Blessings,

Pavilion Committee
